their patients well faster!*

November 2011

Dear Client,

Pure Care has gone **GREEN!**

In order to take active responsibility for our carbon footprint, ship efficiently and responsibly across Canada to all of our clients and to bring added **value** to you without unnecessary price increases, we are launching our **Green Initiative**.

Commencing November 1st 2011, look for the  symbol. **Additional savings are available on all products with the symbol.**

Steps commencing in November are:

-  **Green Initiative** discount applied to orders close to case quantity by shipping case quantities
-  **Green Initiative** discount applied to "MOQ" (Minimum Order Quantity) as order increased or decreased to case quantities.
-  Low value items out of stock will not be backordered & will be marked "ICC" (Item Considered Complete)
-  Where backorder is over \$75 you will be notified before shipping to provide an opportunity to add to the order

We value your input and support with this program. Should you have comments, concerns or suggestions please do not hesitate to contact me.

Regards,
