Hydrochlor whirlpool antiseptic

Our Hydrochlor™ water dissolvable antiseptic is highly effective with hydrotherapy treatments. Simply fill the whirlpool to desired level, drop in the required amount of Hydrochlor™, agitate 2 - 3 minutes, then begin treating your patient; it's that easy!

Features

- Cleans and deodorizes your whirlpool in one easy, convenient step
- Effective in fighting bacterial and

micro organism growth

- Safely treats patient's wounds and burns
- contains 100% chloramine-T, proven to be an effective antiseptic additive
